

## CLIENT PROMISE LETTER

At Gunbil German Shepherds, we require good dog ownership from our clients. This means that purchasing and adopting a puppy or dog from us is a promise to make a lifelong commitment in all aspects for providing your dog the best care possible.

Purchasing and adopting a dog is an obligation that you should consider responsibly, wisely and with your full heart.

Being a good dog owner is a “lifetime responsibility” that includes but is not limited to providing care and love in a solid foundation that is known to be a financially stable forever home.

Please make your decision consciously and sensibly before adopting a puppy from us, as your purchase is a promise and a commitment to our puppy that you will provide and care for them their lifetime. **We are looking for GREAT dog owner/s and not just “dog buyers”.**

Thank you very much for purchasing your German shepherd dog/puppy from Gunbil German shepherd dogs. We hope that you will enjoy your new puppy for years to come. We have taken special care to ensure that your new puppy is healthy. Your puppy has been selectively bred for excellent quality, health, soundness, intelligence, and good temperament.

We have included a sign guarantee from Gunbil German shepherds in your package. We have also included a guarantee for you to read, initial and sign with your signature; please do not forget to include the date.

Once you have completed the guarantee, please include your mailing address on the top of the 4<sup>th</sup> page and send it to us via mail (Postal). Our mailing address is below:

**Note:** When receiving your puppy in the crate, please open the crate door and step away from the door (3 to 4 feet away) and let your puppy come out of the crate on his/her own without pulling the puppy out of the crate yourself (be patient as your puppy will come out of the crate), do not pull the puppy out of the crate as this will frighten him and he will be afraid of you for life. **This is a particularly important rule to follow.**

**Dog Food:** From our experience, one of the weaknesses the GSD has is the Canine Digestive Tract Disorders, parasitism of the small intestine. Diarrhea/loose stool is quite common in the German Shepherd Dog. Foods that contribute to the cause loose stool include “cow” milk (introduced into the diet), liver rich and fatty foods, including high fiber content. In most cases, **simple overeating feeding or introduction of foreign food** (food that is never eaten before) is most likely the main factor. Keeping the dog/puppy on the same diet (we feed **FROMM Puppy Food**) without any **treats** or other brand/type of food will certainly minimize the stress on the puppy while in transitioning period to his/her new home. This transitioning phase can take up to 1 month from the arrival date.

We feed **FROMM PUPPY FOOD Dog Food (Pink Bag Only)**. Please **Do NOT** feed any other brand of dog food (or else your puppy will become severely ill) until your puppy has been acclimated to his/her new home (for up to 1 month from your puppy’s arrival date). This agreement is **non-transferable** and applies only to the original buyer of the puppy.
